

# St. Mary's Gymnasium

Completed Improvements

# 2023

- Plan was conceived to replace the floor and bleachers in our gymnasium.
- Project timeline and budgetary estimates were created.
- Capital fundraising campaign began.

# 2024

- With an amazing response from our Parish, community, and alumni, Fundraising continued and is now complete.
- Air conditioning was added to the scope to allow comfort throughout the year as a multifunctional facility.
- Scoreboards and new windows were also added to the scope to replace the current aging ones.

# Floor

- LVP flooring was selected as a durable, versatile solution.
- Neal and Son's flooring in Chester supplied the floor and completed installation.

# Bleachers

- The bleachers were designed, built, and installed by Irwin Seating in Altamont, IL.
- The bleachers are ADA compliant, will be much safer to climb, and much easier to clean.
- The bleachers also provide more seating than the previous ones.

# Floor Paint

- The upgraded design provides a full 42' width basketball court with complete 3-point line.

# Floor Paint

- The center court design pays tribute to our rich heritage and keeps Christ in our center.

# Air Conditioning

- Units and flexible ductwork were purchase from and installed by Korando Heating and Cooling of Chester, along with the help of several parishioners.

Thank you  
again!!!  
Come by  
and visit  
any time.
